

# WATTERSON MARCHING EAGLES

## Summer Newsletter 2021

Dear Parents & Students:

I hope this letter finds you well. What a challenging and unique school year. We are optimistic that things will continue to improve and return to normal. While there are still some uncertainties about next school year, we are planning our band season, including camp, as normal. We hope that you will stick with our marching band through these uncertain times and be flexible with what might be in store. It will be important to stay abreast of current news by going to our website [www.wattersonbands.org](http://www.wattersonbands.org) (password: carnation) and get on our email list. More information regarding the email list will be sent soon. We will make any adjustments to the schedule as needed. As you can see, we have also made changes to our pre-season schedule. There are a number of reasons that we had to do this. First was how early our first football is this year. Second, scheduling the field has become more challenging. And third, we felt that this was the perfect time for a change. Please look over the schedule attached carefully. If you have any questions or concerns do not hesitate to email one of the directors. We do understand that an earlier start may impact some families. Please try to adjust your summer schedule if possible. We will also work with all students to make sure that they are caught up if needed.

This camp schedule is very beneficial to our program and is common for most competitive programs. Please schedule any activities or work around the attached schedule.

*Important Note: Physicals must be done prior to the first day of band camp. If you have had a physical since January 1, 2021 then you are good. Please turn in all official physical forms to the main office. This is required by law of the State of Ohio.*

Band camp is MANDATORY. Make sure you are on time for all activities. *“Being early is being on-time, being on-time is being late.”*

Some important things to remember:

- Bring a water **jug** (1/2 to 1 gallon) every day. (no sweetened drinks)
- Dress appropriately for the weather. You *must* have good athletic shoes with socks.
- A hat with rim (baseball cap, etc.) is needed.
- Bring 5 or more set markers with name on: plastic tub lids or anything flat and sturdy. These are for marking positions on the field and are used much of the season. (not pit)
- Eat a nutritious breakfast before arriving each day. Nothing “heavy” and easy on caffeine.
- Wear sunscreen, especially early in camp.
- Consider beginning a simple exercise regiment before camp. Jogging or walking.

**INSTRUMENTALISTS:** Show music, Pre-game music, and stand tunes should be memorized by first day of full camp. All will be posted online. Consider private lessons for extra help and attend any extra sessions that may be scheduled by section leader.

**PERCUSSION:** Will follow summer schedule from Mr. Swanson ([jswanson@cducation.org](mailto:jswanson@cducation.org))
